PATENT APPLICATION ASSIGNMENT

THIS ASSIGNMENT (the "*Assignment*") this 22nd day of January, 2007, is made by Lawrence Martin, an individual residing in the State of Florida, (the "*Assignor*").

BACKGROUND

WHEREAS, Assignor is the inventor of a certain new and useful invention as set forth and disclosed in a non-provisional application for United States Letters Patent, entitled **HAND-HELD FLUID ANALYZER**, filed August 19, 2003, as Application Serial No. 10/604,810 (hereinafter the "*Invention*"); and

WHEREAS, Assignor and Akers Acquisition Sub, Inc., a New Jersey corporation, (the "*Assignee*") are parties to that certain Purchase Agreement by and among Assignor, Assignee, Akers Biosciences, Inc., a New Jersey corporation, and 'Bout Time Marketing, LLC, a Florida limited liability company, of even date herewith (the "*Purchase Agreement*") pursuant to which Assignor has agreed, among other things, to sell, assign, transfer and set over the Invention unto Assignee.

TERMS

NOW, THEREFORE, for good and valuable consideration set forth in the Purchase Agreement, the receipt for and sufficiency of which is hereby acknowledged, Assignor does hereby sell, assign, transfer and set over unto Assignee, its legal representatives, successors, and assigns, the entire right, title and interest in and to said Invention as set forth in the above-mentioned application, including any applications which claim priority to the above referenced application, any applications to which the above referenced applications claim priority, and any continuations, continuations-in-part, divisions, reissues, re-examinations or extensions thereof, and in and to any and all patents of the United States and foreign countries which may be issued for said Invention;

UPON SAID CONSIDERATION, Assignor shall not execute any writing or do any act whatsoever conflicting with the terms and conditions of this Assignment, and that Assignor will, at any time upon request, without further or additional consideration, but at the expense of said Assignee, execute such additional assignments and other writings and do such additional acts as said Assignee may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making application for or obtaining original, divisional, continuations, continuations-in-part, reexamined, reissued, or extended Letters Patent of the United States or of any and all foreign countries on said Invention, and in enforcing any rights or choses in action accruing as a result of such applications or patents, by giving testimony in any and all proceedings or transactions involving such applications or patents, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind and inure to the benefit of the assigns and legal representatives of Assignor and Assignee;

#1921243 v14

Further, Assignor hereby requests that any Patents that may be issued for said Invention be issued to said Assignee, its legal representatives, successors or assigns, as the sole owner of the entire right, title and interest in and to said patent and the invention covered thereby.

IN WITNESS WHEREOF, the Assignor has duly executed this Assignment as of the date first written above.
